

PHYSICAL AUTHORIZATION FOR INSURANCE RESPONSIBILITY

We are committed to providing our patients with the best possible care and as medical care providers, our relationship is with the patient and not the insurance company. However, we are also anxious to help the patient receive the maximum allowable insurance benefits. Some insurance companies arbitrarily select certain services that they will not cover. Therefore, the patient is liable for any deductible, co-insurance, co-pay, and any non-covered expenses. If your insurance company denies payment, you will be responsible for payment in full.

I have read and understand this policy:
